

What are the ages for the Toddler Playschool Program?

The Toddler Playschool Program is designed for children that are between the ages of 24 and 35 months when the school year begins in September. This means that throughout the school year (September-June), the ages of the children in each class may range from 2-3.8 years. It is our recommendation that children be no older than 3 years 8 months when the school year ends in June.

What if my child is not quite 24 months old? When can he/she start?

Your child must be 24 months old by September 30th in order to begin on September 3, 2019. However, we welcome children to enroll at any time during the school year, as long as there are spots available. As soon as your child turns 2 years, he/she is eligible to join.

My child will not turn 2 years until late fall. I do not want him to lose a spot. Can I reserve a spot for him?

Due to the popularity of Toddler Playschool, the only way to hold a spot for your child is to register your child for September 2019 and to pay the monthly tuition. You are welcome, to put your child's name on our waitlist at no charge, however a spot will not be guaranteed.
